

Corporate Partnership Program

Since 2001, The Kim Foundation has worked to increase awareness around mental health and suicide prevention in Nebraska, serving as a communication and connection link between individuals, organizations and communities. Through free education and training, we proactively engage individuals and groups about mental health and suicide prevention to normalize the conversation and save lives.

Corporate and business partners are a crucial part of these efforts, as we continue to see the highest level of suicide deaths in working-age individuals. By prioritizing the mental health of your employees and elevating our foundation's resources and support, you will help save lives from suicide and create a healthier community for everyone.

THE KIM FOUNDATION OFFERS FOUR LEVELS OF CORPORATE PARTNER OPPORTUNITIES:

Please note, these levels can be adapted to fit the individual needs of your company.

Hope Partner - \$50,000
